forensic psychiatry in islamic pdf

Psychiatry is the medical specialty devoted to the diagnosis, prevention, and treatment of mental disorders. These include various maladaptations related to mood, behaviour, cognition, and perceptions. See glossary of psychiatry. Initial psychiatric assessment of a person typically begins with a case history and mental status examination. Physical examinations and psychological tests may be ...

Psychiatry - Wikipedia

The crisis stabilization unit is in effect an emergency department for psychiatry, frequently dealing with suicidal, violent, or otherwise critical individuals. Open units. Open units are psychiatric units that are not as secure as crisis stabilization units.
