Course overview. Our accredited BSc (Hons) Crime Scene Science degree course can prepare you to play an important role in modern society. As a multidisciplinary area of study within the broader field of forensic science, you explore scientific techniques to help investigate and deter crime in different environments.

Crime Scene Science, BSc (Hons) | Undergraduate study

Glove prints, also sometimes described as gloveprints or glove marks, are latent, fingerprint-like impressions that are transferred to a surface or object by an individual who is wearing gloves.. Many criminals often wear gloves to avoid leaving fingerprints, which makes the crime investigation more difficult. Although the gloves act as a protective covering for the wearer's prints, the gloves ...

UCAS | At the heart of connecting people to higher education

I present an account of the origins and development of the multicomponent approach to working memory, making a distinction between the overall theoretical framework, which has remained relatively stable, and the attempts to build more specific models within this framework. I follow this with a brief discussion of alternative models and their relationship to the framework.

Working Memory: Theories, Models, and Controversies
