## **Self Study Course - Tradenet**

Price Action Trading (P.A.T.) is the discipline of making all of your trading decisions from a "naked" price action chart. This means no lagging indicators. All financial markets generate data about the movement of the price of a market over varying periods of time; this data is displayed on price charts.

## **Price Action Trading Explained » Learn To Trade The Market**

This ultimate forex education teaches you the best trading tips and trading How tos... period. Each chapter contains several links to hand-picked blog posts that will improve your trading skills, increase your profitability, and reduce risk.

## **The Ultimate Forex Education | TradingwithRayner**

I am also using this strategy. But i would like to know the best time frame to apply on this strategy and if the use of stochastic with this indicator is advisable.
