### **Standards-based assessment - Wikipedia**

Formative assessment, including diagnostic testing, is a range of formal and informal assessment procedures conducted by teachers during the learning process in order to modify teaching and learning activities to improve student attainment. It typically involves qualitative feedback (rather than scores) for both student and teacher that focuses on the details of content and performance.

Most states have, or are developing, tests to assess their students' proficiency in state frameworks of curriculum. Many of these states are including students with limited English proficiency in this assessment process, but a significant number of LEP students have difficulty passing these standardized tests.
