Theory. Attachment therapy is a treatment used primarily with fostered or adopted children who have behavioral difficulties, sometimes severe, but including disobedience and perceived lack of gratitude or affection for their caregivers. The children's problems are ascribed to an inability to attach to their new parents, because of suppressed rage due to past maltreatment and abandonment.

During the early modern era pupils, former pupils and teachers at English public schools developed and wrote down the first codes of football, most notably the Eton College (1815) and Aldenham school (1825) football rules. The most well-known of these is rugby football (1845). British public school football also directly influenced the rules of Association football.
