Towing capacity is a measure describing the upper limit to the weight of a trailer a vehicle can tow and may be expressed in pounds or kilograms.

Towing - Wikipedia

In 1945 at the age of 29 Leonard Shoen co-founded U-Haul with his wife, Anna Mary Carty, in the town of Ridgefield, Washington, with an investment of \$5,000. He began building rental trailers and splitting the fees for their use with gas station owners whom he franchised as agents. He developed one-way rentals and enlisted investors as partners in each trailer as methods of growth.

A bit more beef since we plan on throwing around the trailer. We decided to take a 2"x1/4" flat bar and plate the ends. We opted to wrap the corner to act as a bit more protection in case we run the trailer into rocks and trees.

Making an Off Road Trailer. : 14 Steps (with Pictures)

ADAPTIV™ MODULAR INTERIOR Our Adaptiv™ modular interior system is designed to easily reconfigure the interior of the trailer hundreds of ways, with several sleeping arrangements (up to five), storage, utility, and flexibility. The Adaptiv™ system is unique in its ability to easily

Hello Happier Campers!

Click Here to see a poor horse that was loaded wrong and fell out of his trailer since the owner failed to secure the door and then ran down the freeway scared to death until it was caught and then watch how the wrong way is to load a scared hurt horse. This the most common problem of all horse people. Yet it is the one of the easiest things to teach a horse.
